What's in the Box

Performance Index

Product Name	Trueno U5100 Truly Wireless ANC Earbuds
Audio Interface	Bluetooth
Charging Interface	Type C
Rated Voltage	4.2V
Bluetooth Version	v5.2
Bluetooth Range ¹	10 meters
Battery Type and Capacity for Earbud Case	Lithium Ion, 320 mAh
Capacity for Each Earbud	40 mAh
Charging Time	1 hour
Playback Time ²	With ANC OFF - 62 Hours With ANC ON = 44 Hours
Standby Time	130 Hours
IP Rating ³	IPX5
Driver Size ⁴	10mm*2
Frequency Range	20Hz-20KHz
Signal To Noise Ratio ⁵	>38dB
Impedance ⁶	32 Ohms
Product Dimension	32*20.99*23.99mm
Product Weight	46g

The Bluetooth Range can vary depending on the ambient environment. The range is a tested in an autologr environment with no physical obstacles.
 Plantime duration party and epending on actual usage and the volume of the device. Plantime duration is tested at 33% volume.

2. Hayorine duration convery depressing on actual usage and the volume of the device. Playtime duration is elected as 3. The IP rating determines how resistant something is to environmental elements. Most IP numbers read IPXC each "X" being a placeholder for a number. The first number represents the level of each "X" being a placeholder for a number. The

first number represents the level of resistance to dust/particles and the second representing its ability to with stand liquid.

Driver size denotes the diameter of the diagnizage.

 $5. Signal to \, Noise \, Ratio \, is \, defined \, as \, the \, ratio \, of \, signal \, power to \, the \, noise \, power, it \, is \, represented \, in \, decibels.$

 Impedance refers to the load a speaker places on an amplifier. Technically, impedance is the "resistance" a speaker offers to the current supplied by an amplifier because the output current of an amplifier is AC (not DC, like from a battery), this resistance is called impedance.

Product Appearance And Structure

Honeywell

Function Description		
Function	What to do	
D / ((/)	Take Earbuds out of the case to power on	
Power on/off (Automatic)	Put Earbuds back into the case to power off	
Power on/off (Manual)	Long press Left/Right earbud for 3-6 seconds to power on/off	
Play/pause	Double tap Left/Right earbud (While playing music)	
Increase volume	Single tap Right Earbud	
Decrease volume	Single tap Left Earbud	
Next track	Triple tap Right Earbud (While playing music)	
Previous track	Triple tap Left Earbud (While playing music)	
Activate voice assistant	Triple tap Left/Right Earbud (When music is not played)	
ANC On/ANC Off/Transparency Mode	Long press Left/Right earbud for 2-3 seconds to interchange between modes (N/A while receiving a call)	
Reject Incoming call	Triple tap Left/Right earbud (While receiving call)	
Answer/Hang up the call	Double tap Left/Right earbud	

Indicator Light Status	Mode	
Earbuds		
Flashing Green Light for 3 seconds then off	Power On	
Flashing Blue Light for 3 seconds then off	Power Off	
Flashing Blue & Green Light	Bluetooth Pairing Mode	
No Light	Incoming Call	
No Light	Low Battery (20%)	
Solid Blue light	Charging	
No Light	Fully Charged	

02

Charging Case		
Solid Green light	Charging Earbuds	
Solid Red Light	Charging Case	
No Light	Fully Charged	

How to Operate

Before powering On for the first time, please charge fully for good battery life.

Charging

- 1. Plug the Type-C end of the charging cable into the Type-C connector port on the earbud case.
- 2. Plug the other end into a USB wall charger/computer/power bank that is powered on.

Pairing via Bluetooth

Connecting any Bluetooth Device:

- Once the earbuds are removed from the case, the earbuds are in Bluetooth pairing mode automatically.
- Open the Bluetooth settings on any Bluetooth device and search for device with name "Trueno U5100 – TWS" and connect.
- Note:
- Trueno U5100 Truly Wireless ANC Earbuds will automatically re-pair with the last paired device whenever it is within range.
- Devices with older Bluetooth versions may prompt you to input a passcode key. Please enter "0000" on your device and press OK to successfully connect with "Trueno U5100 Truly Wireless ANC Farbuck".

Voice Assistant

This product is compatible with Siri/Google Assistant.

Mono Mode Operation

When only one earbud is required, the user can use either of the earbuds.

The user needs to manually power off one earbud and use the other as a solo earbud.

Precautions for Use

- Do NOT use at high volume for extended period to avoid hearing damage.
- Do NOT use while driving.
- Do NOT use if there is any loud unusual noise. If this happens, please contact us at support@honeywellconnection.com.
- This product contains small parts which may be a choking hazard. Please keep it away from children under the age of 3.
- This product contains magnetic material. Consult your physician before using the product in case you have a medical implant of any type.
- Do NOT attempt to disassemble this product as this may lead to a hazard and will void the warranty.
- Use this product only with the power supply provided along with this product (applicable for selected models only).
- Do NOT use this product near any form of excessive heat such as gas appliances and heating appliances.
